

MCQs:

1. Which of the following statement/s is/are true?

- 1. Cotton is grown on a variety of soils ranging from well drained deep alluvial soils in the north to black clayey soils.**
- 2. Cotton is semi-tolerant to salinity and sensitive to water logging.**

- (a) 1 only
(b) 2 only
(c) Both 1 and 2
(d) Neither 1 nor 2

Ans: c

Explanation:

- Cotton is grown on a variety of soils ranging from well drained deep alluvial soils in the north to black clayey soils of varying depth in the central region and in black and mixed black and red soils in the south zone. Cotton is semi-tolerant to salinity and sensitive to water logging and thus prefers well drained soils.

2. Wancho community belongs to?

- (a) Mizoram
(b) Meghalaya
(c) Arunachal Pradesh
(d) Assam

Ans: c

Explanation:

- Arunachal's Wancho community sets out to digitise ancient folktales.
- The Wanchos have a rich tradition of oral stories, memories, and songs.

3. He has created a Muslim majority province of the North-West Frontier Province, sent a British expedition to Tibet, established a separate police service, and established the Archaeological Survey of India. Who is he?

- (a) Lord Curzon
- (b) Lord Mountbatten
- (c) Lord William Bentick
- (d) None of the above

Ans: a

Explanation:

- Curzon created a separate Muslim majority province of the North-West Frontier Province, sent a British expedition to Tibet, established a separate police service, and established the Archaeological Survey of India, in order to study and protect historical monuments.

4. Which of the following statement/s are true?

1. Grameen Udyami is a unique multiskilling project, funded by National Skill Development Corporation (NSDC).

2. It aims to train tribal students in select states.

- (a) 1 only
- (b) 2 only
- (c) Both 1 and 2
- (d) Neither 1 nor 2

Ans: c

Explanation:

- Grameen Udyami is a unique multiskilling project, funded by National Skill Development Corporation (NSDC) that aims to train tribal students in select states.
- Grameen Udyami Yojana is implemented under Sansadiya Parisankul Yojana.

5. Per- and polyfluoroalkyl substances are known as?

- (a) For ever Chemicals
- (b) Minnamata Chemical
- (c) Agent Orange
- (d) None of the Above

Ans: a

Explanation:

- “Per- and polyfluoroalkyl substances,” (PFAs) are called “forever chemicals” because of their tendency to stick around in the atmosphere, rainwater and soil for long periods of time.
